RECIPROCITY DAY AND ELECTION AT TUESDAY CLUB

New Officers Are Chosen at Meeting; Social Gathering Greatly Enjoyed

The combination of two of the important events of the year for the members of the Tuesday Afternoon club was included in the meeting of that organization yesterday afternoon, when the annual election of officers took place and the annual "Reciprocity Day" was observed, the members being hostesses to the presidents and delegates from all of the women's clubs in the Los Angeles district.

The officers chosen for the ensuing year were Mrs. Daniel Campbell, president; Mrs. A. H. Montgomery, first vice president; Mrs. C. W. Houston, second vice president; Mrs. John Dunn, recording secretary; Mrs. Frank Ayars, corresponding secretary; Mrs. M. E. Plasterer, treasurer; Mrs. H. E. Bartlett and Mrs. J. T. Crampton, directors. A question which was also submitted on the ballot was regarding the meetings of the club. The members voted to return to the former meetings of the second and fourth Tuesdays of each month instead of every Tuesday.

The club members and guests met at the Masonic Temple at 2 o'clock. Most artistic decorations in the nature of French bouquets arranged in window boxes and across the foot of the platform had been placed for the occasion by the decoration committee, which includes Mrs. R. D. Angelica, chairman; Mrs. Bert Ward, Mrs. Walter Jones, Mrs. Chester Kling, Mrs. W. E. Halstead, Mrs. S. H. Waller, Mrs. Pierson Hanning and Mrs. J. W. West. The guests were received by the members of the courtesy committee, which includes Mrs. Charles H. Temple, chairman; Mrs. W. W. Worley, Mrs. J. D. Camerer, Mrs. W. F. Nash, Mrs. A. W. Tower, Mrs. Lillian Dow, Mrs. H. E. Bartlett, Mrs. H. D. Goss, Mrs. G. K. Barnes, Mrs. Alma S. Gibbs, Mrs. T. G. Widmeyre, Mrs. A. L. Ferguson, Mrs. W. H. Verity, Mrs. J. L. Gray, Mrs. R. L. HIGHWAY SYSTEM LOOPING PARKS IS DESCRIBED

F. V. Owen, Former Resident, and R. H. Morrell Urge C. of C. Action

F. V. Owen, formerly connected with Forest Lawn Memorial park and a resident of Glendale, returned to this city yesterday under auspicious circumstances. He appeared with R. H. Morrell before the Glendale Chamber of Commerce directors representing the Park to Park highway organization.

Mr. Owen became interested in the idea over a year ago and made the trip to the Park to Park loop as a representative of the Los Angeles Chamber of Commerce. He introduced Mr. Morrell, who briefly described the benefits to be derived from the organization and told of the work accomplished since the convention in Denver at which time representatives of eleven western states launched the greater National Park to Park highway movement.

Twelve Parks on Loop

Along the loop there are twelve national parks, according to the speaker, twenty-nine national forests and twelve industrial centers. The route includes 1200 miles of what is known as the National Old Trails and Glendale's interest is due to the fact that this city with its San Fernando Road acts as a gateway to Los Angeles for the tourists.

Two stretches of road through the Zuni and Navajo Indian reservations and others between Needles and Barstow, Calif., for which an appropriation has been made, still are to be completed as well as a thirty-mile grade in the northwest. The latter has been provided for in the national park service budget, according to Mr. Morrell.

Indorsements Given

The Park to Park Highway association has the indorsement of both Secretary A. B. Fall of the department of the interior and Stephen J. Mather, director of national parks. The object is to create a desire on the part of the public to travel to and through the national parks, it being found that sixty-five per cent of the tourists visit these playgrounds in their own pleasure cars.

At the suggestion of Mr. Owen, the directors referred the matter of Glendale memberships in the association to the Chamber's highway committee for investigation and report.

Something to Crow About; H. J. Windsor Offers This Story

ONE good yarn deserves another. Here is what H. J. Windsor has to offer as another sequel to the crowing cock.

"I thing the action of Mr. Hilton in disposing of the high powered rooster is to be commended and indicates that he is a good neighbor. His example could be followed by many others, with the thanks of their long suffering neighbors.

"The people living next door to me on Windsor road had a small bantam that started the ball rolling at 10 minutes after 2 o'clock each morning, with the result that there was no rest for the balance of the night.

"I paid $1 for this bird, which adorned our table for part of a meal. Keep up this good work of silencing roosters, my neighbors."

So endeth another story from cackle to gravy.

WEST BROADWAY BRIDGE CLAIMS ARE OUTLINED

Petitions In Circulation to Have Council Recognize That Thoroughfare

Connecting West Broadway with Griffith park by a bridge was discussed at a public meeting held last night in the garage of P. A. Pollock, 470 West Broadway, with the result that E. D. Yard was appointed chairman of a committee to further the claims of the street before the city council and other organizations.

A. C. Read was chosen temporary chairman and E. L. Osborn made temporary secretary after the meeting had been called to order by J. H. Sherman, who is chairman of the committee seeking to have the "jog" at West Broadway and Central removed.

Herman Nelson of the East Glendale Improvement association and L. H. Wilson of the San Fernando Boulevard Improvement association were present. The former declared he was in favor of the project as outlined, and the latter, while admitting that West Broadway is the "logical" thoroughfare to be connected with the playground, urged the claims of Park street as being the most "practical." He said, however, the main thing to do was to "get as many bridges as possible."

Councilman A. H. Lapham announced that the council expects to have improvement work on lower Broadway start within a few weeks.

Petitions Are Out

Mr. Yard said that he has obtained a promise of property owners to a right of way across private property to connect West Broadway with the park.

Petitions urging the city council to select West Broadway as the street to be connected may be found with Clem Moore, 201 North Brand; Cole & Damerell, Rudy building; Edwards & Wildey, 139 North Brand; John L. Watson, 127 North Glendale; E. L. Osborn, First National bank; Earl Schuyler, West Broadway and Orange; Chamber of Commerce and E. D. Yard.

Those desiring to sign the petitions are urged to do so at once, stated Mr. Yard today, as it is planned to present them to the council tomorrow night, if possible.

Merit Badges Are Given Girl Scouts

The Glendale Girl Scouts of Troop One, held a meeting yesterday at the home of Mrs. Frank C. Ayars, 215 North Orange street, with splendid attendance. Katherine Bender presided at the business session. The merit badges were awarded as follows: Lucile Beach, pathfinder, craftsman; Frederica Browne, pathfinder, craftsman, laundress; Alice Hill, pathfinder; Alice Carpenter, laundress; Beryl Goodale, laundress; Evelyn Hunt, cook; Amy Bainbridge, economist.

A special meeting will be held next Tuesday morning on the hill near the home of Mr. and Mrs. Randolph Bainbridge, on East Cypress street. After a picnic lunch, the troop will march down the hill, and take the place reserved for them in the parade to Forest Lawn cemetery, to attend the exercises arranged in observance of Memorial Day.

Mrs. W. W. McElroy Hostess at Luncheon

Mrs. W. W. McElroy entertained Monday at her home, 510 South Adams street, with a four course luncheon, complimentary to Mrs. Roberts of Chicago, who has recently come to Glendale to live, and for Mrs. Grace Hedderick of Los Angeles, who departs Thursday to spend the summer months at her home in Williston, North Dakota. Other guests were from Los Angeles.

BUSINESS WOMEN AND FRIENDS AT ANNUAL PICNIC

Club, at Outing In Verdugo, Installs Officers, Enjoys Program and Supper

The first annual picnic and installation of officers of the Business and Professional Women's club of Glendale, of which Mrs. Margaret Biggs is president, took place last night in Verdugo Woodlands at the picnic grounds and pavilion of the F. P. Newport company, the use of which had been secured through the courtesy of W. L. Twining, with about sixty members and friends present.

Owing to the resignation of Mrs. George U. Moyse as incoming president, which was submitted to the executive board at its meeting Monday night, the new executive officer for the ensuing year has not been chosen.

The other new officers for the ensuing year include Mrs. Peggy Warner, vice president; Mrs. Anita K. Anderson, treasurer; Miss Coral Sayre, recording secretary; Miss Sara Pollard, corresponding secretary; Miss Grace Osborn, auditor; Dr. Laura Brown, historian; directors, Mrs. Mary Baxter, membership; Mrs. E. Williams, hostess; Mrs. E. Bufkin, friendship; Miss Gertrude Gibbs, program; Mrs. E. McGhee, publicity; Mrs. Anna Pixley, legislative; Mrs. Margaret Biggs, occupational; Dr. Caroline Paine-Jackman, house; Miss Ethel Preston, ways and means.

Officers Are Installed

All of the newly elected officers were installed with due ceremonies devised by their predecessors, with the spirit of fun prevailing. The vice president was presented with a toy balloon as an emblem of office, symbolizing rising pride when called upon to officiate at the meetings in the absence of her superior officer; the recording secretary was presented with a large jumbo pencil and pad as emblems of her office; the mantle of responsibility, covered with bills and receipts, was bestowed upon the new treasurer; likewise the publicity chairman was presented with a megaphone. Dr. Laura J. Brown, hospitality chairman for the past year, had charge of the installation ceremonies, assisted by the retiring officers.

CIVIC QUESTIONS GET HEARING AT C. OF C. MEET

Park Bridge, Booklet and Other Matters Discussed by Directors

L. H. Wilson, chairman of the advertising committee and secretary of the civic committee of the Glendale Chamber of Commerce, yesterday urged the directors of that organization to get behind the movement to bridge Los Angeles river at Park avenue and thereby give additional access to Griffith Park as well as serve 180 residents of the Parkdale addition which lies in Los Angeles city limits this side of the river.

Mr. Wilson dwelt on the natural advantages offered by this bridge site and stated that engineers estimated the work could be done for about one-fifth of what it would cost elsewhere. Park, or Parkdale avenue, is paved to within close proximity of the river and the channel is quite narrow, according to Mr. Wilson, who stated he was not alone boosting for that one bridge, but all which would join through Glendale thoroughfares with Griffith Park.

Talks About Booklets

W. L. Twining, of the advertising committee, who is general manager of the F. P. Newport company, addressed the board on booklets which were being issued and he advanced the idea that one good book was better than a half dozen which were not attractive.

"Pictures speak louder than words," he tritely said, "and if you are going to have something, have it worth while." A special meeting of the board was called for Friday noon to consider the subject of immediately issuing an illustrated booklet for distribution to the many convention visitors who will visit California in the coming summer months. The advertising committee filed a written report, which was accepted, disfavoring the Chamber getting behind the sale of stock for a film which they termed "political."

Attorney Owen C. Emery called attention to the remarks made by Councilman Dwight W. Stephenson at the meeting of the city fathers last week, as quoted in The Glendale Evening News, and on motion of Director David L. Gregg, President V. M. Hollister, Secretary James M. Rhoades and Director Emery were appointed a committee to draft a reply.

Lieut. W. M. Clare was present and addressed the board on the Citizens' Military Training camps to be held this summer and later retired to the Progressive club luncheon in an adjoining room to make a similar speech.

ELECTRIFYING OF RAILWAY AGAIN CONSIDERED

City Officials, Road Heads and Civic Representatives Hold Conference

W. H. Comstock, general manager of the Union Pacific railroad, and John Treanor, vice president of the Portland Cement company, which owns the Glendale & Montrose railway, were present yesterday afternoon in the council room of the city hall at a special conference to consider the electrification of the Union Pacific system on Glendale avenue.

The city aws represented by Mayor Spencer Robinson, City Manager W. H. Reeves, Councilman S. A. Davis, and Councilman Dwight W. Stephenson.

The East Glendale Advancement Association was represented by Herman Nelson, manager of the Glendale Avenue Branch of the Los Angeles Trust & Savings bank; C. W. Ingledue, proprietor of the Glendale Market, 630 East Broadway; and Frank L. Fox, president and general manager of the Fox-Woodsum Lumber company, 714 East California avenue.

Ask $25,000 Bonus

Plans are now being seriously considered for the electrification of the line north of the junction of Verdugo road and San Fernando road by the Glendale & Montrose railway. The estimated cost is $125,000.

A bonus of $25,000 is being asked by the Glendale & Montrose railway. This sum is considered reasonable by members of the committee. Herman Nelson, chairman of the transportation committee of the East Glendale Advancement Association, stated this morning that the raising of this bonus was the next thing to be undertaken. He does not anticipate that much difficulty will be experienced.

Making the right of way for some distance north of Broadway an industrial zone was the subject of some discussion. This proposal was made by the railway officials, but did not meet with much approval. It was agreed, however, that the present industries in this vicinity should be permitted to remain. It is expected that a petition will be presented at tomorrow night's session of the city council to make block four industrial property. This is bounded by Wilson, California and Glendale avenues and Howard street.

Understanding Reached

All freight, however, is to be hauled by an electric locomotive which is to be purchased especially for the purpose.

"We came to a very good understanding," remarked Mr. Nelson, who considers the conference quite satisfactory. "Conditions are such that the proposal will be of advantage to people all along the line.

"The Glendale & Montrose line is going into this thing for the passenger service. If they get the patronage, they will put on the equipment to take care of it. The quicker we can make our proposition to the railway company, the quicker they can actually get to work.

"This is in no way competition with the Pacific Electric. The Glendale avenue line would serve an entirely different section and serve people who want to go in a different direction. It will open up a new territory to Glendale. All that property east of the cemetery will get direct connection with Glendale. The residents there can come here and do there trading lots easier than going to Los Angeles."

Senior Class Play Rehearsals Started

The senior class of 1922 of the high school has decided to present this year as the class play the well-known comedy, "Clarence." The cast for the play, which has already been chosen, is rehearsing earnestly and enthusiastically under the able direction of Miss Mona Gardiner, dramatic coach.

"Clarence" was written by Booth Tarkington and the play is a very popular one. The cast, as chosen, is composed of the following seniors: George Jordan, Harold Sprague, Virginia Huntley, Eleanor Sawyer, Mildred Stanford, Genevieve Mulligan, Don Cameron, Dale Wood and Paul Hutchinson.

The dates for the presentation of "Clarence" have been set for the evenings of June 8 and 9.

On June 9 the drill team will be out in full regalia, it is stated, to celebrate the first anniversary of the camp here. On June 14 there will be fifteen candidates from Glendale initiated at Golden State Camp hall, Los Angeles, in a general class adoption in honor of A. R. Talbott, head counsel.

Miss Vera Sinclair of 245 Sinclair avenue, who is now teaching at the Intermediate school, was elected principal of the new Grand View school.

Initial steps are being taken to provide a school for the children in the Atwater district, according to a communication received from the Los Angeles board of trustees.

The Glendale Hardware company, 601 East Broadway, was awarded a contract for hardware supplies. Its bid was $500. An order for $374.16 worth of kindergarten supplies was given to the Jones Book Store of Los Angeles.

GENERAL WOOD REPORTED SAFE ON ISLAND TODAY

SAN FRANCISCO, May 24.—A message from Manila to the United States naval radio station here today said that Manila evening papers reported the safe arrival of Governor General Leonard Wood and his family on the island of Mindora. Great anxiety had been felt for their safety due to the fact that a typhoon had swept the island waters shortly after they left on a pleasure and inspection cruise in a small yacht. Mindora is a small island and the seat of several sugar plantations. It is believed here that the storm probably disabled the island's wireless apparatus and thus held up news of safety of the governor general and party.

POLITICAL STRENGTH STIRS OFFICIAL CIRCLES

WASHINGTON, May 24.—The unexpected political strength the Ku Klux Klan already has developed in two such widely separated states as Oregon and Texas is today causing perturbation among both republican and democratic members of congress. Representatives MacArthur and Sinnott of Oregon, both republicans, squeezed through the bitter primary election in that state despite the Ku Klux Klan opposition to them, but Charles Hall, the Klan's candidate for the republican nomination for governor, rolled up such a large vote that an official count will probably have to be held to determine whether Olcott, who was up for re-election, was able to beat him out. Down in Texas, Senator Culberson is facing one of the bitterest battles of his long and eventful political career because he started his campaign for re-election with a fiery condemnation of the Klan.

ENFORCING LAW IS BANQUET TOPIC LAST NIGHT

Mayor Spencer Robinson Pledges Aid of City; Program Success

Nearly 200 delegates gathered at the White Inn last night for the W. C. T. U. banquet. It was not like a formal banquet, but more like the gathering together of a number of dear old friends, though many of the women were strangers to one another.

Following the splendid five-course dinner, Mrs. Eva Wheeler, state president of the union, introduced Mayor Spencer Robinson, who, in his friendly, straightforward way extended greetings to the guests of the city and expressed his appreciation of the things the W. C. T. U. has accomplished and is yet to accomplish.

"I believe," he said in part, "that your organization has done more for our country than any other organization in the world. And when it says 'the law must be enforced.' I am behind it to give it every bit of help that is in my power. The law says you can't sell booze; you can't drink booze; you can't buy booze; and it's high time the country at large learns that laws are to be kept and respected.

To Enforce Law

"Here in Glendale, I promise you that we are going to do everything in our power to see that the law is enforced. We have a very fine man in Chief of Police Fraser, who believes in these things, too. I want to tell you ladies that if at any time our police department doesn't carry out the wishes of the W. C. T. U., all you have to do is to notify the City Council and they will remove anyone that doesn't carry out the wishes of this organization."

In response to an urgent request, Mayor Robinson sang two well-loved Gospel hymns, "Christ Is All in All" and "Beautiful Isle of Somewhere."

Mrs. Marie M. Yoeman, president of Los Angeles County W. C. T. U., was the next speaker on the program. She spoke of the beauties of Southern California and how there is small need for for-

Irish Linen Store Gets Protest Letter

The Irish Linen Store of Glendale has received a letter from the Brookfield Linen Company, Ltd., of Belfast and New York, complaining of the proposed new tariff on linens. Their letter says, in part:

"The pity of it is that in the case of linens, which are not manufactured in this country, these increased charges seem to be unnecessary, and there is no counter balancing compensation. The higher duties are not required for protection. As a matter of fact, it is estimated that because of their deterrent effect on trade, they are likely actually to yield much smaller revenues than are now realized under the present tariff."

This, it is contended, will make for higher prices.

Two Kinds of Folk In World, Claimed

Taking as his topic, "What Is Surrender?", the Rev. Robert C. McQuilken of Philadelphia addressed a large gathering last night at the Presbyterian church and pointed out there were but two kinds of people in the world today—the lost and the saved. Earlier in the evening the minister discussed the Bible and its teachings with a class of young people.

The public is invited to attend the lectures given by the Philadelphia pastor at the Glendale Presbyterian church nightly, beginning at 7:30 o'clock.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. —Advertisement.

COMMENT THAT'S ALL

W. C. T. U. Upholds Law
Easy to Lose Your Money
Some Do and Others Don't
All U. S. Should Be White

By Gil A. Cowan

WE HAVE with us in Glendale the California convention of the Women's Christian Temperance Union.

With all sections of the state represented among the 300 delegates no one would know what these quiet, determined looking visitors are about.

Few realized some years ago what they were about. They now have made their mark, however, and the public realizes that, due to the influence exerted by these mothers (mostly) of the men of today, this nation has turned to prohibition.

It is well that the W. C. T. U. takes cognizance of bootlegging now prevalent, for it is a worse curse than the saloon. More insidious, more fatal and more lawless in every respect, the violations of the federal law are to be dealt with only in a most drastic manner.

The record of the W. C. T. U. in aiding in the conviction of violators of the Volstead enforcement act is one of the most commendable of the official reports.

The government will soon go into the market for heavy borrowings to pay outstanding obligations which mature on June 15, it is stated by the wire reports. These current debts total $775,000,000—a mere bagatelle—when the cost of the war is considered.

Just to think that $125,000,000 of this sum is to be paid as interest on the first and second liberty loan bonds makes one shudder to think of what the grand total really amounts to. No one on earth could count so much money in a lifetime, you bet.

Some people accumulate great wealth in a lifetime. Others fall heir to it and some marry money.

But the old adage that "a fool and his money are soon parted" holds as true today as the year it was put into print by Poor Richard.

Most of us are foolish about finances, dare they be called that. If it were not the case the commercial world would be a different, very different animal than what it actually is.

Some people like to play the ponies, others the stock market, and more like to "go into business."

The latter is one of the easiest ways for a person to lose what little he has, although the stock market is quicker and the horse races are surer to "clean" the purse and pauperize the fellow who plays the game.

Anyone contemplating entering business in Glendale must have money plus experience, and they then must build. Good business propositions are not for sale unless there is a death in the family, or the like.

Likewise, good employes are not so easily bought. Business cannot be swung by personality alone. Otherwise the highway to success would be paved with gold instead of gold bricks.

There is nothing more inspiring to the active mind, however, than the possibilities offered in Glendale and vicinity for legitimate investment.

Almost everything substantially sound thrives. And it continues to prosper. While some of the business houses, some of the builders, some of the real estate men are not making what they might, the same holds true everywhere.

Walking along the street yesterday I heard one man who claimed he hadn't made a dime in a month. Another young fellow was receiving more than $300 for his week's work in a real estate office—or rather out of it. As the old after-dinner story concludes:

"Some do and others don't."

Here is a prosperous thought from the Hollywood Daily Citizen:

"The prospects of lower freight rates on basic commodities seem very imminent.

"The conference of the president with the railroad heads indicates that he is preparing them for facing forthcoming rulings of the interstate commerce commission decreeing a decided reduction in those basic items that figure so importantly in our economic situation.

"Lower freight rates will do perhaps more than any other single factor in restoring sound, healthy business conditions to the country.

"Much of the country has been waiting for this reduction.

"Right or wrong, many of the country's commercial men have figured that the country would never be on the right road to prosperous conditions until freight rates were reduced, and they guided themselves accordingly.

"And as long as they guided themselves accordingly there wasn't any chance of getting on the road to prosperity, for much as other factors have to do with prosperity the mental factor always plays its important part.

"Lower freight rates will help materially.

"So let's be off for making every section of the country a 'white spot.'"

Mental Wizzard Is Coming to T. D. & L.

Something different! Something new in the entertainment line! And you will be more than pleased when you see what "Rex," the Mental Wizard, and his wonderful performance at the T. D. & L. Thursday, Friday and Saturday of this week. For he is going to entertain Glendale amusement seekers with his peculiar talents. He is assisted by a company of five people. Each performance is entirely different from the one preceding.

"Rex" is heralded as one of the leaders in the mysterious science of mental telepathy and thought transference.

His method of working is entirely different from that employed by the majority of so-called "mind-readers" in that the stage is brilliantly lighted at all times and he employs no outside means.

His experiments are baffling in the extreme and even college professors, versed in the higher sciences have confessed themselves mystified at the power which enables this man to answer questions after they had been written and placed upon a table before the eyes of those who wrote them.

Ask any question you like and Rex will answer, telling you of the past, present or future, it is said.

BUSINESS WOMEN AND FRIENDS AT ANNUAL PICNIC

Club, at Outing In Verdugo, Installs Officers, Enjoys Program and Supper

(Continued from Page 1)

director of the occupational department, told of the splendid work which had been done during the past year under the direction of Mrs. George U. Moyse. Applications for positions had been received from 107 and thirty-eight of these had been placed in positions. Those wishing to register may do so at the club rooms from noon until 1 o'clock, she stated.

A rising vote of thanks was tendered Mr. Twining and the Newport company for their courtesy in extending the use of the picnic grounds to the club.

Picnic Supper Enjoyed

During the business session, in charge of Mrs. Margaret Biggs, a motion prevailed to hold the social meetings the fourth Tuesday of each month during the summer at Verdugo Woodlands in the nature of a picnic party. Preceding the meeting, which was held in the rustic pavilion of palm leaves and eucalyptus logs, a bountiful picnic supper was enjoyed, everyone having come with well laden baskets. W. L. Twining gave an interesting talk on Verdugo Woodlands, explaining the Spanish land grant which had originally been given to the Verdugo family, including 27,000 acres in Verdugo canyon and Glendale and vicinity. The "old adobe," he stated, had been built in 1804, the site being chosen on account of the continuous flow of water in the canyon. The "old adobe" is covered with a Mission Jasmine Rose which is now in bloom, and which was planted 117 years ago. Mr. Twining stated that the picnic grounds had been opened so that the people in the Woodlands might have a place for recreation and that it was also open to the various clubs and societies of Glendale who cared to make arrangements for use of same.

The picnic was in charge of Dr. Laura Brown, chairman of the hospitality committee, assisted by Miss Edna Bronnenberg, Miss Grace Osborn, Mrs. Edith Gregg and Miss Gertrude Gibbs. Those present included Miss Sara Pollard, Mrs. J. C. Danford, Miss Laura Roberts, Miss Leta McCoy, Dr. Laura J. Brown, Mrs. Grace S. Yarbrough, Charles Yarbrough, Janet Yarbrough, Mrs. Sherman Ayers, Miss Elizabeth Stevens, Mrs. Sidney Dell, Dr. Clara Hewen, Sara Hosieth, Mary E. RANK OF KNIGHTHOOD

The rank of knighthood was conferred last night upon several members of the local lodge of Knights of Pythias. A large number were present in the lodge's hall at 103 West Park avenue. Emil Fram of 348 West Windsor road, who was a delegate to the grand lodge last week at Chico, reported that plans were being made for the erection of a Pythian State Home. An invitation to participate in the Memorial Day parade was accepted. An invitation for local knights to be guests tomorrow night of the Van Nuys lodge also was accepted and plans are being made today for fifteen or twenty automobile loads to make the trip.

Mayor Spencer Robinson Pledges Aid of City; Program Success

eign travel in a country where almost every type of scenery is to be found.

Success of Work

She spoke of the success of the union's work during the past few years and laid emphasis on the fact that Los Angeles county has forty-five hundred members and is the largest union in the nation, yet Los Angeles county is still working hard for new members, and boasts several workers who have brought in from fifty to a hundred new members single-handed. She spoke of the spirit of friendship and good-will that is predominating the conference and closed with a verse from Ella Wheeler Wilcoxs familiar poem, "If all the ships I have at sea, should come a sailing home to me."

Mrs. Sylvia Feldman, president of Imperial county union, was next introduced, and she, too, could not say enough of the loveliness of the valley and the beautiful city of Glendale. She compared the gathering of the convention with a meeting of lovers at a tryst, and said that there could not be a more ideal spot or a more beautiful trysting place for lovers than had been chosen. Glendale people have shown such courtesy and kindness that the visitors have all felt the warmth of the welcome that was extended to them.

Before introducing the toastmistress, Dr. M. Len Hutchins, Dr. Joseph Marple was named as the second soloist on the program. His selections were received with much pleasure and enthusiasm by the assemblage.

"We are living in the most wonderful age of the world," declared Dr. M. Len Hutchins of Los Angeles, who acted as toastmistress. "This is the best day of that age because it is the latest. The world is growing better despite some indications to the contrary. These are only surface markings.

"Never before did the bonds of brotherhood draw us so tightly, never before did the fetters of superstition and tradition bind so lightly; and never before has there been such general activity along the lines of world betterment. Surely we have reason to rejoice in such progress. One of the many factors producing the marked improvement in conditions is the Women's Christian Temperance Union.

"Remarkably organized, it stands for and is battling for the highest ideals. It blazed the way for women's organizations. May we not be misunderstood. In speaking of our achievements it is not with boasting but rather with great humility that we have not accomplished more. When we speak of our contributions to the ideals of our nation, it is not in the spirit of comparison.

In Giving Results

"Sometimes in giving results in matters of general endeavor some persons are so indiscreet as to compare the work of men and women to the disparagement of one of the other. Man and woman are not alike. They are complements each to the other. God intended their intellect and efforts to dovetail, making a strong, enduring structure.

"A very large per cent of all reputed greatness has been achieved by man, 'tis true, but now that women have entered the arena of art, science, philosophy, government, men must look well to their laurels.

"Had men descended from men alone and women from women, it would have been different. But the blood of our educated father in the long ago flowed through the veins of the daughters as well as the sons and that of the uneducated mothers through the sons. So you see it is not primarily a difference in intellect but in practice that accounts for the gulf between us.

"We take pleasure on this occasion to thank men for giving us the ballot. We are glad to help them with the great burden of government. But we warn them right now that, unless we learn more rapidly than they have to use the ballot wisely, it will be a long time before we will be of much help to them."

Reply to Toasts

Dr. Hutchins said a few words about the things the W. C. T. U. stands for in the progress of civilization, then introduced the various toasts, which were as follows:

Peace—Mrs. Mary E. Garbutt, Superintendent of Peace.

Purity—Mrs. Mary M. Coman, Editor of The White Ribbon.

Prohibition—Dr. Clyde Monroe Crist.

Protection—Mrs. Bernice Johnson.

Patriotism—Mrs. Hutchinson.

Ex-Congressman Randall, who was one of the guests of honor at the banquet, added two more items to the subjects of the evening. All of these things began with the letter "P" and he spoke on "Partisanship" and "Propaganda," both of which have played an important part in the recent elections and the methods used to enforce the laws of the nation, he said.

Two much enjoyed numbers on the program were the solo by Miss Elizabeth Mottern and the reading by Mrs. Carl. It seemed that nothing was overlooked to make the evening one of great pleasure to every guest and one long to be remembered.

The help the delegates will receive from contact with so many, from so many parts of the state, all working toward one end, the benefits derived from the gatherings where every type of problem can be discussed from the different angles that they must be faced will give new life to the California Union and fresh impetus for the coming year's work, it is declared.

Mrs. Jack Thomas received many compliments on the splendid dinner she served the delegates. It was the vote of all that Glendale is not only the "fastest growing city," but also the city where one gets the best things to eat and has the happiest times.

DEMPSEY DUE TO DEFEND TITLE THIS YEAR

Jack and Carpentier to Box In Europe In September, Belief at Present

By HOWARD M'GILLIS
Sporting Editor The Evening News

With no less than four opponents tentatively picked by the "dyed in the wool" fans all over the country, it now seems practically a certainty that Jack Dempsey will be given a chance to defend his title for the heavyweight boxing championship of the world within the next three or four months. It has been almost a year since he stopped Georges Carpentier at Boyle's thirty acres and it is claimed that he is "rarin" to re-enter the ring.

Of the list of prospects in line for the champion, Carpentier, of course, heads the list due to his recent one-round win over Ted Lewis, the highly touted and much heralded Australian mauler. Jack Kearns, Dempsey's manager, has already signed his moniker to a contract calling for a battle between the champ and Carpentier some time during the next year.

The fight, which is scheduled to take place in England, will probably be staged on or about September 1, according to the prevailing rumors.

Harry Wills In Line

The next man in line for a chance at Dempsey is Harry Wills, veteran colored battler, whose record places him as the most formidable of the various opponents. Dame Rumor has it that Montreal has been selected as the site and July 1 as the date for the battle, with Tex Rickard and Frank Flourney, Madison Square Garden promoters, named as the "middle men."

Should the rumor prove true it is likely that the proposed bout would attract more attention and interest than even the Dempsey-Carpentier affair, as the dusky star is considered being nearer Dempsey's equal.

The remaining two "hopes" are Bill Brennan, who battled Dempsey for twelve rounds last year, and Louis Firpo, the Argentine "find" who has recently received more publicity than has any other unknown boxer in the history of the ring. Brennan, through his victory a few days ago over Jim Tracey, the Australian, has justly earned the right to a return go with the champion, while Firpo is still placed in the "more or less" club.

And now, as a result of his victory last night, Harry Greb is looming up as a possible contender. Of course, he should meet Carpentier first and see—well, see what happens.

He Is Still Iron Man

Frank Baker, known ten years ago all over the country as "Homerun" Baker, the Athletics' "iron man" of the bat, and other appropriate names for the leading slugger of the major leagues, has demonstrated during the first few weeks of the present season that he is still on the job when it comes to poling out extra base wallops.

Playing with the New York Americans, he has been largely responsible for the Yankees staying at the top of the percentage column without the services of Ruth and Meusel, the suspended batting stars.

Baker has been directly responsible for no less than four of the Gothamites' victories to date, by knocking in the winning runs, while the number of games in which he indirectly figured in winning is considerably more than that.

Latest American league statistics show that Baker has batted out six home runs to date and has a batting average of .354, which is not half bad for a so-called "has been."

SPORTS CHATTER

By BILL UNMACK
PACIFIC SPORTS SERVICE

An innovation in penalizing entrants in track and field meets who fail to start is announced by the California National Guard for their championships to be held at San Francisco on June 8. Any athlete who enters an event and fails to start will be the cause of a reduction to his team score of half a point. Though the penalty is small, it will mean considerable in the aggregate if entrants continue to absent themselves from their events as past history has shown. Something of this same nature could be adopted to good advantage by other clubs and organizations giving meets.

Now that Bill Brennan has knocked out Jim Tracey (who is he, anyhow), we presume the Chicago battler will be touted for a return match with Jack Dempsey. Sure thing that Brennan would be willing to take another licking for the money he would get.

The summer trapshooting season opens with a bang on May 25th when the California-Nevada association holds its tournament at Sacramento as part of the "Days of 49" celebration. Other western shoots scheduled are Utah state championships at Salt Lake, May 28 to 30; Oregon state championships at Bend, Ore., June 11 to 13; Washington state championships at Spokane, Wash., June 18 to 20; Montana state champs at Butte, Mont., June 22 to 25; Pacific Coast Zone championships of the American Trapshooting Association at Portland, Ore., July 13 to 16.

Besides these important championships innumerable club and other tournaments are scheduled all over the western states.

Judging by the faith put in their teams, supporters of California and Stanford will be very much surprised if these two Pacific coast track teams do not "clean up" the Intercollegiate A. A. A. A. track championships at Cambridge, Mass. The trouble is that this unswerving faith is based on a lack of knowledge of just what the eastern college teams have to oppose in the west. While California and Stanford both have remarkably good teams, their supporters are failing to take into consideration the fact that there are good men in the east as well. Also that so many teams are entered that the score sheets will be cut into, not by a few teams but by dozens of teams. This may all tend to swell the score of a good team, in the way that points scored by outsiders take away from the points of the "favorites." Western supporters are figuring on these points being taken away from the eastern favorites, however, and it is on this they base their contention that California and Stanford will be out in the lead.

LOCAL FRESHMEN ABOUT TO TAKE LEAGUE FLAG

Red and Black Win Over the Citrus Union by Score Of 4 to 3

By O. U. FOWL

In a game repiete with good baseball, numerous misplays, inexcusable errors and various additional "thrills" the Glendale high school Freshman baseball team yesterday afternoon triumphed over the Citrus Union yearlings by the score of 4 to 3. The contest, which was played on the local diamond, was staged to decide on first place in the regular Central league standings But one game now stands between the Red and Black squad and the ninth year championship of the circuit, it being a postponed game with Covina.

Yesterday's game began with Glendale taking the lead in the opening inning when three runs were sent across the rubber on as many bases on balls, aided by a pair of doubles by Drury and Bradbury, respectively, and an error by the visitors' third baseman. Lovell, Muff and Drury comprised the trio of run getters.

The locals' final tally came in the third round when Bradbury, who had previously been walked, was forced across the plate on a walk issued to De Lara. Pitcher Rudman, who had replaced Holmes on the mound in the first inning, was "waited out" for a total of three free passes to first base in this round.

Holmes, who played left field for the Lemons after the first inning, broke the ice for the losers in the fifth round when he reached first on a walk, was advanced to second by Lopez's single to left, reached third on Lundie's error and scored when Williams hit an easy roller to second base.

That Final Inning

The real excitement of the day took place in the final inning, when with the Lemons one run behind and two outs, Firstbaseman Ayon hit a sharp single over third base. The ball bounded through "Paddy" Driscoll's legs in left field and for a moment it seemed as though the score would be tied. But the elusive spheroid was finally coralled and the speedy Ayon was checked in his tracks while rounding third base. Lindsay, the next batter, was an easy out and the game was over.

The score:

The WORLD OVER

By FRANKLIN B. MORSE.
PACIFIC SPORTS SERVICE

While only four American players are entered in the British amateur golf championships which will be played at Prestwick links beginning May 22, interest in the event nevertheless will be almost as keen as it was last year when a half score of the best of the United States players were in the list of competitors. While there is scarcely a golfer in this country who is sufficiently optimistic to believe that any one of the quartette of Americans has a chance of being returned the victor, the possibilities of the English players, who may come over to this country to play in the American championships later in the season will carry a close scrutiny.

The four Americans entered are John G. Anderson of Siwanoy; George Dickson, Jr., national links; Donald Parson of Youngstown and John D. Chapman of Greenwich. It will be remembered that last year such sterling American players as Charles W. "Chick" Evans, Francis Quimet, Dr. Paul Hunter and others of our best talent sought to bring home the bacon. In the light of their failure it will be one of the great surprises of the year if any of our present representatives chance to come out on top of the heap.

In 1921 the Americans started off with a rush and a winning streak that set the golfing world by the ears and British golfers and British prestige astounded, stood with its back to a metaphorical wall. And then, one by one, while the Yankees put up great contests, they fell by the wayside.

The following is a list of winners in the British Amateur golf championships since 1900:

Year—Player	Where Played
1900—H. H. Hilton	Sandwich
1901—H. H. Hilton	St. Andrews
1902—C. Hutchings	Hoylake
1903—R. Maxwell	Muirfield
1904—W. J. Travis	Sandwich
1905—A. G. Barry	Prestwick
1906—J. Robb	Hoylake
1907—John Ball, Jr.	St. Andrews
1908—E. A. Lassen	Sandwich
1909—R. Maxwell	Muirfield
1910—John Ball, Jr.	Hoylake
1911—H. H. Hilton	Prostwick
1912—John Ball, Jr.	Westward Ho
1913—H. H. Hilton	St. Andrews
1914—L. Jenkins	Sandwich
1915—World War	No competition
1916—World War	No competition
1917—World War	No competition
1918—World War	No competition
1919—World War	No competition
1920—Cyril Tolley	Muirfield
1921—W. I. Hunter	Hoylake

Hunter, who is a member of the Walmer and Kingsdown Golf club, won the title last year from Allen Graham, of the Royal Liverpool club, 12 up and 11 to play in a 36-hole contest. Of the thirteen Americans who started the contest F. J. Wright of Boston, the last survivor, was eliminated in the sixth round. The margin by which Hunter defeated Graham constituted a record for the British championship, no player before being so decisively beaten. Graham, however, had just received word that his father hac been stricken and was not expected to survive, but pluckily played through.

Tagging All Bases

Kenneth Williams resumed his long distance hitting activities, his home run into the right field stands scoring two ahead of him in the seventh, being his twelfth of the infant season.

Young Francis again turned in a winning performance for the Senators, the recruit holding the White Sox to a pair of runs, while his mates ran over No-hit Robertson in a seventh inning rally. Robertson had the boys in his hip pocket until that inning.

Max Carey laid aside his crutches for the day and in addition to hitting two singles and a triple, walked twice and stole three bases. Meanwhile the Pirates disposed of the Phils, 10 to 3.

Home run drives by Perkins and Miller, the latter's being his tenth of the season, furnished the Athletics five runs but the Tigers replied with six and that settled it.

The Giants dropped their fifth straight and their third in a row to the Reds.

Barney Oldfield Says American to Victory

By BARNEY OLDFIELD
World's Master Driver
For International News Service.

INDIANAPOLIS, May 24.—Tomorrow afternoon racing drivers who are to compete in the running of the tenth annual international sweepstakes here May 30, will begin qualifying their cars. To become eligible to start in the big race, which has a prize list aggregating $100,000, each car must show a speed for ten consecutive miles of more than 80 miles an hour and intense interest centers in the qualification trials, as positions result therefrom.

Officials in charge of the race say that twenty of the thirty-two drivers entered will make efforts to qualify Thursday, because first row positions will be given such drivers. So far sufficient speed has been shown in practice trials as to indicate that every car entered will be able to go the ten required miles at the essential speed. The cars entered represent America, France and England, though but one is from the British Isles. France has three representatives, all others being American.

I have been in Indianapolis two weeks watching the boys in their practice work, helping them with advice now and then and generally studying the conditions of the race. As a result, it strikes me that the struggle this year will be the hardest in the history of the track. The qualification trials will throw much additional light upon the race prospects, but I am predicting that America will have another victory to her credit when the race is run.

Harry Greb to Get Chance at Georges

By DAVIS J. WALSH

NEW YOFK, May 24. — Hard upon the inevitable passing of the American light heavyweight title from Gene Tunney to the eccentric custody of Harry Greb, the worthy Mr. Rickard today cabled Georges Carpentier an offer to meet Greb in America with the world's championship at stake.

Rickard strolled down to the ringside at the end of the fifteenth round at Madison Square garden last night, as Greb, unmarked, and Tunney, a bloddy ruin, were leaving the enclosure. The promoter's purpose was to cast this morsel of news among the scavengers of the press, but he could just as well have announced his intention any time after the fifth round.

Tunney, smothered by the incessant stream of Greb punches, his face cut into a hamburger, never had a chance after the first exchanges. His nose spurted blood in the first thirty seconds of fighting, his lips were raw and bleeding, his right eye dripped a constant crimson stream and his left was barely discernible through the gushing blood.

Yet so great was Greb's vitality that no visible sign of distress could be noted in his bearing after the fight.

"I'll fight Carpentier," he said, in answer to a question, and then he added laconically, "any time, any place."

Christian Circle Girls In Session

The Christian Circle club met last night with eighty-eight girls present. Women of the First Presbyterian church served the dinner. Again the Baptists led in attendance, according to roll call. Miss Nell Leggitt presided over a short business session in which plans were perfected for a birthday meeting to be held at the Baptist church May 28 at 2:30 p. m. Mrs. Neth is to speak and a message will be heard from Evangelist John Brown. There will be no meeting next week on account of Memorial Day. Last night being "scrub" night, there was more than usual enthusiasm in the songs and yells. Miss Maud Soper taught the Bible lesson.

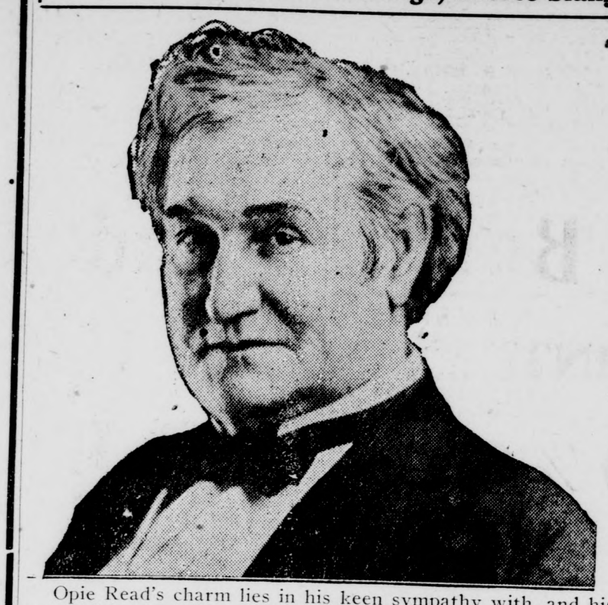
Opie Read for Short Skirts, Bobbed Hair, Rolled Stockings; Scores Slang



Opie Read's charm lies in his keen sympathy with, and his wonderful truthfulness to the life he describes. He is an inveterate story-teller, a quaint philosopher, and a man who has kept right up-to-date in studying the big problems that confront America and the world.

Opie Read is one of the arch-dreamers of America, says the Chautauqua program, for he appears here this coming week.

Opie Read rises as the champion of short skirts, bobbed hair and rolled stockings as comfortable, sensible and sanitary, says the Los Angeles Examiner this morning.

However, he does not like the flapper's slang and then he rises to their defense by saying the girls of today are as good as their grandmothers.

As for morals, he adds that men without temptation would be jelly fish. The way it is now emotion rules the world, he believes. Read would limit women jurors to certain cases, have a national divorce law, and he defends the movies.

With a philosophy that is humorous and wholesome this "grand old man" of the Chicago Press club will speak on the fourth night of the Chautauqua when he will discuss "Human Nature and Politics."

It ought to be good, his many friends here declare.

Last night's meeting of the Glendale Chautauqua guarantors was a lively one. Reports on season ticket sales revealed the fact that about half of the tickets in possession of the guarantors present at the Chamber of Commerce were sold. L. T. Rowley, local chairman, pointed out clearly that every guarantor must "pep up" from this time on, to make good Glendale's reputation on such drives, and raise the first $875 of the guarantee by Thursday noon.

Dr. J. E. Eckles and J. H. Garnsey gave some fine suggestions on efficient salesmanship, and proved the value of their theories by reporting their first consignment of tickets sold. Others who had sold out were Miss Ida Waite, H. M. Butts, A. W. Scudder and E. U. Emery.

The director, Mrs. Theresa B. Thatcher, told the committee that the program could not be oversold. Any purchaser of a season ticket would be a satisfied patron of Chautauqua, she said. She is spending two days' time urging the schools to make Chautauqua a part of their program next week. The afternoon programs will be opened at 3:30 in order to accommodate the children.

The reserved seats for the season will go on sale tomorrow morning, Thursday, at the Glendale Book store.

Closing Banquet by Y Clubs on Friday

The Y. M. C. A. clubs, the membership of which is composed of boys of grammar school age, will have their closing banquet and rally Friday night at the First Baptist church. Josiah Poeton of Claremont will be the main feature on the program. He first became acquainted with the Glendale boys at the summer camp last year at Pine Flats, where he took a prominent part in the camp's entertainment by his humorous songs and stories.

The boys' orchestra of the Pasadena Y. M. C. A., which is made up of boys of corresponding age to the Glendale clubs, will furnish music. Other interesting numbers are also being planned for the program. This will be in the nature of a wind-up for the clubs' activities for the school year. The summer months will be taken up with camping at the Y. Red Triangle cabin in the San Gabriel canyon and at Catalina Island, where there will be four camps of eleven days valaiable to the local boys. A Hi-Y committee will be in charge of the banquet, including Dick Fisher, Dale Wood, George Jordan, Maynard Toll, Phillip Henderson, Harold Shively and Robert Howland.

This Saturday the Hi-Y club will go to Long Beach to be the guests at a banquet given by the Long Beach Hi-Y in their new quarter million dollar building.

Shirley Hitchcock In Prologue Dance

Surely petite Shirley Hitchcock fascinates in her "Fascination Dance" being presented at the Glendale theatre as a prologue to the Mae Murray "Fascination" film. Too much cannot be said of the Pearl Keller pupil who delighted audiences yesterday.

All the romance and flavor of old Spain have been kept intact in the photoplay, presented by Robert Z. Leonard, and shown for the first times yesterday at the Glendale theatre. "Fascination" is the most lavish and elaborate of this famous Metro star's pictures, and presents a whirlwind succession of thrilling and exciting experiences.

In "Fascination" Miss Murray plays the part of Dolores De Lisa, born of a Spanish father and an American mother. Resenting the close supervision of the aunt with whom she lives, Dolores slips out to join the throng going to the bull fight.

It is here that she becomes fascinated by the toreador, Carrita. She meets him and falls under the influence of his dark eyes. That night, at a ball, Dolores dances for the guests, giving vent to the emotions which the bull fight had created in her.

From that point on the story is too good to tell. You must see it to appreciate Miss Murray's emotional qualities.

Among the native tribes in northeast Africa the market price for wives is increasing. Recently at Ku the price advanced from six to ten cows.

Thomas Meighan In 'The Bachelor Daddy'

A picture which radiates happiness and which will undoubtedly help many to see the finer and truer side of life is "The Bachelor Daddy," which was given its initial presentation at the T. D. & L. theatre last evening. It is a picture which demonstrates the power of child love and no better selection for the starring role therein could have been made than Thomas Meighan, famous as the "Good Luck Star."

The story is of a man who unselfishly adopts the five motherless children of his dying pal, despite the fact that his own wedding day is but a week distant. He does not know it at the time, but the little ones bring him to the realization of a greater love than he thought was possible.

Alton, the new master organist of the T. D. & L. theatre, demonstrates with each succeeding performance his rare ability as an artist. His work is receiving the generous plaudits of the audiences.

Miss Carrie Noble Re-elected President

The City Teachers' club met yesterday afternoon in the assembly room at the Intermediate school and elected officers for next term.

Miss Carrie Noble, principal of the Intermediate school, was re-elected president. She was also selected as a delegate to the National Educational convention to be held this summer in Boston.

Other officers elected were: Mrs. M. O. Ryan, principal of the Broadway school, vice president; Miss Fannie O. Stone, principal of the Pacific Avenue school, second vice president; Miss Margaret Ball and Miss Ima W. Johnson of the Columbus faculty, secretaries, and Mrs. Ettarae Kent of the Central Avenue school, treasurer.

You Never Can Tell, Asserts Rex Taylor

Rex Taylor, widely known scenario writer of Hollywood, last night visited his former college acquaintance, Ralph Allan, manager of the T. D. & L. theatre.

"Funny," he remarked, "how Allan took a literary course at the university and now is operating a little gold mine for the T. D. & L. circuit, while I took a mining course and am doing literary work for the pictures."

"Just goes to show what a college education will do for a fellow," countered Allan as they quaffed sweet essence of coca cola over the counter at the Poppy Shoppe.

BEGIN SEASON RUN ON GREEN HILL BEVERAGES

S. W. Brown Co. Plant at 463 West Los Feliz Is Well Equipped

The S. W. Brown company of 463 West Los Feliz Road today started its first season's run on Green Hill beverages, including Green Hill ginger ale, both bottled and on draught.

Their well-equipped plant at the very gateway to Glendale along the Southern Pacific right-of-way bespeaks neatness and the executive offices are housed in a peaked bungalow building decorated in green and white. George Pierce will occupy the front with a place to serve the Green Hill products.

S. W. Brown owns a controlling interest in the $150,000 plant and is in charge of the big plant with his years of experience giving him an insight to the most modern methods of bottling Green Hill ginger ale and pure fruit beverages.

Plant Is Complete

A trip through the factory reveals a huge bottle soaker and sterilizer which has a capacity of 48,000 bottles a day. Included in this sanitary equipment is a brush washer and rinser of equal capacity. A twenty-five-horsepower boiler provides water and steam for these features of the plant.

An automatic filler with a capacity of 400 cases a day is now at work, serving, filling and crowning the bottles in one operation. A larger machine is being installed which will handle 1200 cases a day, the crowning machine being separate.

After filling, the bottles are transferred to a unique machine which sterilizes the pure fruit product, thus eliminating the necessity for benzoate of soda as a preservative. All that can be seen is a literal ferris wheel of baskets which move slowly into the hot water tank below where the product is kept in 143 degrees for forty minutes, which completes the sterilization.

Takes Out Hardness

Glass-lined syrup tanks of 800-gallon capacity, a purifying device which takes all of the hardness out of the water, gravity conveyors and other modern equipment make it a most model institution, one of the most complete to be found anywhere. Thousands of bottles are being received daily and a few days of this kind of weather the plant will have struck its stride for the summer.

However, Green Hill beverages offer a national field and for that reason Mr. Brown located his institution near the Southern Pacific main line. Another feature of the factory is that everything will be done in the open air, there being no sides to the large building with a cement floor which offers many advantages over a steamy, shut in structure.

After the club members and visitors had been greeted by Mrs. C. E. Hutchinson, president, they were instructed to adjourn to the auditorium of the high school, where a most interesting program was given by the members of the drama section, in compliment to Mrs. R. E. Chase, who is district chairman of drama. The presentation of the moral fantasie "Everyyouth," by Harry L. Newton, as given by the members of the drama section was all that could be desired and showed much previous work on the part of the members and the curator, under whose personal direction the three act play was given. The first act showed a scene in an office in which Work (Mrs. A. M. Hunt) and Happiness (Mrs. John C. Dunn) were busy. Then entered "Everyyouth" (Mrs. M. C. Barker) who never seemed contented. Pleasure (Mrs. Albert Pearce) then entered and tried to persuade Everyyouth to go with him. Truth (Mrs. A. P. Findlay) and Reason (Mrs. Charles H. Temple) each try to show him the right path. Happiness leaves and Temptation (Mrs. Lee D. Childers) takes her place. Then comes Vanity (Mrs. Warren Roberts) and Conceit (Mrs. R. L. Kent). Care (Mrs. C. J. Newcomb) and Vice (Mrs. Colin Cable) together with Temptation try to induce Everyyouth to steal. However Love (Mrs. L. G. Sherman) has entered into the play and wins over all. Mrs. John C. Dunn most ably played the difficult role of Trouble, which entered into the play as Everyyouth was about to give in to the demands of Temptation, Vice and Care, and also of Happiness. The music furnished between scenes was in charge of Mrs. Alma Gibbs. Praise on all sides was heard from members of the club and the visitors, who were delighted with the program prepared for them.

Following the play the members and guests adjourned to the Masonic Temple, where refreshments of punch, ice cream and cake were served and a social hour was enjoyed. Mrs. E. W. Kinney, Mrs. Mabel F. Ocker, Miss Eva Daniels and Mrs. A. M. Williams presided at the punch bowls. The hospitality committee had charge of serving refreshments, with Mrs. L. W. Sinclair as chairman, assisted by Mrs. A. D. McCoy, Mrs. R. P. Isitt, Mrs. M. P. Harrison, Mrs. T. W. Preston, Mrs. Frank Dow, Mrs. E. M. Lee, Miss Lily Fielding, Mrs. J. W. Stauffacher, Mrs. J. Everson, Mrs. C. W. Monahan, Jr., Mrs. B. D. Balthis, Mrs. J. C. Dunn, Mrs. C. S. Archer, Mrs. Warren Roberts, Mrs. Pierson Hanning, Mrs. C. F. Parker, Mrs. Maud Potter and Mrs. C. R. Hallett.

PERGOLA STATION AT EAGLE ROCK IS PLANNED

Attractive Structure to Be Placed In Magic Circle; Neighborhood Notes

A pergola waiting station will be erected by the city of Eagle Rock around the flagpole at the intersection of Central avenue and Colorado boulevard, it was decided by the board of trustees at their meeting Monday night.

This structure, which will cost in the neighborhood of $500, will accommodate passengers on both the Eagle Rock city line and the Glendale and Montrose line. Seats will be afforded about sixty people at a time and protection from the sun and rain of 100.

With the pergola in the center of the principal square, Eagle Rock will boast a magic circle for auto drivers. That is, it will be magic if they are not intoxicated. The motor officers, however, will keep an eagle eye on careless tourists and nobody is known to be drunk in Eagle Rock.

Dog Ordinance Ordered

The Eagle Rock city fathers also considered the advisability of a dog muzzling ordinance. It is not their intention to be drastic in the matter, but to comply with demands on the part of the county health authorities, the city attorney was instructed to prepare an ordinance similar to Los Angeles.

Among other matters of minor importance coming before the trustees was a statement that the city's water supply was chemically pure although it has been roiled recently.

H. H. Bevis, who is in the real estate business at 306 West Colorado boulevard, Eagle Rock, evinces great interest in the visit of Opie Read on the Glendale Chautauqua program. Both Mrs. Bevis and himself, who reside at 470 West Riverside drive, Glendale, recollect Read when he was an editor in Chicago in 1893—about thirty years ago. Even then he was noted for his story telling.

Mr. and Mrs. H. I. Devol motored out in the desert near Mojave Sunday to see the wild flowers and they report that such a beautiful sight is beyond description. The roads are good and everyone ought to take the trip if they have a motor car, they say.

K. G. Kelsey, well known plumber, also motored to the desert with Mrs. Kelsey, and near Victorville they were joined by his mother and a party. They enjoyed a family reunion on one of the wildwood hillsides.

M. Mollett, cement contractor of 117 South Central avenue, Eagle Rock, needed work. He advertised in The Glendale Evening News and got the results he wanted. Others should do likewise.

Cornell Panels for a ceiling 10 x 12 feet will cost only $6.00.

For four walls 8 ft. high of a room 10 x 12, cost only $17.60

Easy to build interiors with Cornell Panels

The reason Cornell so far excels the ordinary wallboard is because it is made of pure wood fiber and is "Triple-Sized." This process gives it triple resistance to moisture, expansion, contraction, sound and change in temperature.

Its "Oatmeal Finish" is conceded the most beautiful effect ever produced in wallboard.

No other wallboard is like it. Lath and plaster or plaster board can't compare with it in cost, cleanliness or durability, or ease of application. Ask us for quotations, sample and book of "Cornell Interiors" free.
